

When the Unexpected Happens — Emergency Room or Urgent Care?

What if you or a loved one experiences an illness or injury at night or on a weekend? Or if you simply can't wait for a doctor's appointment?

Do you visit the emergency room or an urgent care clinic?

Choosing between an ER and urgent care can be confusing — especially if you or a loved one find yourself suddenly ill or injured.

Mark Papish, MD, associate medical director for emergency medicine at MidHudson Regional Hospital, a member of the Westchester Medical Center Health Network (WMCHHealth), will offer **tips on making the right choice**.

He will also explain the differences between an ER and an urgent care clinic, including **how insurance treats them**.

To register for this free event, contact Michelle Conrad at 845.483.5582 or at Michelle.Conrad@WMCHHealth.org

**Thursday,
November 14**

6 to 7 p.m.

**Boardman Road
Branch Library**
141 Boardman Rd.
Poughkeepsie, NY

**MidHudson
Regional Hospital**
