

What's New in Liver Transplantation

Wednesday, September 25, 2019 / 6:30 – 8:30 p.m.

**MidHudson
Regional Hospital**

Westchester Medical Center Health Network

MidHudson Regional Hospital
Sister Ann Elizabeth Conference Center
1 Webster Avenue, Poughkeepsie NY 12601
Course Director:
David C. Wolf, MD, FACP, FACG, AGAF, FAASLD

Course Description

The incidence of cirrhosis and liver cancer is on the rise in the United States. Each year these disease states are responsible for more than 45,000 deaths in this country. Liver transplantation has the potential to save many individuals whose lives would have been cut short by cirrhosis and liver cancer. The Liver Transplant Program of Westchester Medical Center is hosting a symposium for medical professionals on new developments in the field of liver transplantation. The conference will improve participants' understanding of the indications for liver transplant, as well as new trends in recipient selection and organ allocation. The conference will also update participants on the latest advances in liver transplant surgery, live donor liver transplant, and pediatric liver transplant. Additionally, participants will learn how they can partner with the Liver Transplant Program in the long-term care of men, women and children who have undergone liver transplant surgery.

Learning Objectives

Conference participants will:

- Learn about the increasing incidence of cirrhosis and liver cancer in the United States.
- Learn when to refer patients for consideration of liver transplant.
- Learn how liver transplant can save the lives of some patients dying from end stage liver disease.
- Learn how to manage some of the complications that may be experienced by post-transplant patients.

Target Audience

- Gastroenterology MDs/NPs/PAs
- Internal Medicine MDs/NPs/PAs
- Hospitalists

CME Accreditation Statement

New York Medical College is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

New York Medical College designates this Live activity for a maximum of 1.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
