

WOMEN'S IMAGING

Personalized Care for Women

The Women's Imaging Center in the Redl Center for Cancer Care at MidHudson Regional Hospital of Westchester Medical Center was created to deliver our patients state-of-the-art screening and diagnostic imaging in a comfortable, relaxed, patient-centric environment.

Our mission is to educate women about their breast care and total-body health, with the goal of early detection, leading to a cure and optimal wellbeing. The Women's Imaging Center is certified by the American College of Radiology and Mammography Quality Standards Act.

Specialized Services

- Screening and Diagnostic Digital Mammography with Computer-Aided Detection
- High-Definition Breast Ultrasound
- Dedicated Breast MRI
- Advanced Stereotactic Breast Biopsy Machine
- Minimally Invasive Breast Biopsy using MRI, Ultrasound and Mammography
- Ultrasound-Guided Fine Needle Aspiration
- Image Localization of Breast Lesions prior to surgery, using Ultrasound, Mammography and MRI
- Bone Density Scans

Beyond Breast Imaging

As breast imaging specialists, we are able to offer unique services beyond those offered by other radiology facilities and, as necessary, referrals to RedI Center for Cancer Care specialists, who work together to provide holistic, multi-specialty consultations.

Our program — accredited by the National Accreditation Program for Breast Centers and the American College of Surgeon's Commission on Cancer — is staffed by board-certified and/or fellowship-trained clinicians and other care providers certified in their area(s) of specialty. The team, which is also available for second opinions, includes:

- Breast Surgical and General Surgical Oncologists
- Medical and Radiation Oncologists
- Plastic and Reconstructive Surgeons
- Oncology and Breast Health Navigation Nurses
- Nutrition Counselors
- Social Workers and Case Managers

Patients are evaluated by the multi-specialty team and provided with personalized recommendations for treatment and follow up, which may include:

- Breast Cancer Risk Assessment and Genetic Screening
- Screening for other High-Risk Cancers
- Breast Cancer Prevention and Risk Reduction
- Access to Breast Cancer and other Clinical Trials
- Survivorship Care Plans and Resources
- Lymphedema Prevention, Treatment and Rehabilitation
- Integrated Medicine and Palliative Care
- Women's Health Boutique

The RedI Center for Cancer Care is proud to collaborate with agencies and foundations that offer support, education and healthy lifestyle programs, including:

- The American Cancer Society
- The Leukemia & Lymphoma Society
- Gilda's Club
- Miles of Hope Breast Cancer Foundation
